<Summary of November performance>

In November, total sales were ¥508,499 thousand, up ¥68,761 thousand or 15.6% from a year earlier. In the construction engineer dispatching business, booming demand raised the operating rate to an average of 99.2% and a review of dispatch unit price is being conducted. Due to these factors, net sales were ¥488,016 thousand, up ¥70,449 thousand or 16.9% from a year earlier. However, as we could not meet requests for dispatch in some cases due to engineer shortage, we will focus on recruitment such as by establishing a new location for recruitment (see “Notice of Establishment of Recruitment-Specific Facility” disclosed on December 12, 2011.).

※1. The above figures have not been audited by the independent public accountant. Therefore, these figures may not match with the fiscal year figures.

2. We plan to disclose our monthly report around the 15th of each month.
